

Pope L. Moseley, M.D.
5105 Edgewood Road
Little Rock, Arkansas 72207
PLMoseley@uams.edu
501-686-5350 office

Date: September 2017

ACADEMIC APPOINTMENTS/MAJOR POSITIONS

2017-present	Arkansas Medical Society Distinguished Dean's Endowed Chair
2015-present	Executive Vice Chancellor, University of Arkansas for Medical Sciences
2015-present	Dean, College of Medicine, University of Arkansas for Medical Sciences
2015-present	Professor, Department of Biomedical Informatics, University of Arkansas for Medical Science
2015-present	Professor, Department of Internal Medicine, University of Arkansas for Medical Sciences
2013-2015	Distinguished Professor, University of New Mexico
2013-present	Affiliated Professor, Novo Nordisk Foundation Centre for Protein Research, University of Copenhagen http://www.cpr.ku.dk/about/adjunct-professors/
2012-2014	Guest Professor, Department of Systems Biology, Danish Technical University, Kgs. Lyngby, Denmark
2008-2015	Reva S. Skelton Research Endowment for Cardiovascular Research
2007-2015	Regents' Professor, University of New Mexico
2001-2015	Professor and Chair, Department of Internal Medicine University of New Mexico School of Medicine, Albuquerque, New Mexico
07/2000- 10/2001	Associate Dean for Research, University of New Mexico School of Medicine, Albuquerque, NM
07/1997-06/2000	Director, Program of Occupational and Environmental Health, University of New Mexico School of Medicine, Albuquerque, NM
07/1997-2015	Professor, Department of Biochemistry & Molecular Biology, University of New Mexico School of Medicine, Albuquerque, NM
07/1996-2015	Professor, Department of Family and Community Medicine, University of New Mexico School of Medicine, Albuquerque, NM
07/1996-2015	Senior Scientist, Lovelace Respiratory Research Institute, Albuquerque, NM

07/1995-09/2001 Chief, Division of Pulmonary, Allergy and Critical Care Medicine,
Department of Internal Medicine, University of New Mexico School of Medicine,
Albuquerque, NM

07/1995-2015 Professor of Medicine, University of New Mexico School of Medicine, Albuquerque, NM

07/1995-06/1996 Adjunct Scientist, Inhalation Toxicology Research Institute, Albuquerque, NM

07/1990-06/1995 Associate Professor, Division of Pulmonary and Critical Care Medicine,
Department of Internal Medicine, University of Iowa, College of Medicine, Iowa City, IA

07/1990-06/1995 Assistant Professor, Department of Exercise Science, University of Iowa, Iowa City, IA

07/1986-06/1990 Assistant Professor, Division of Pulmonary and Critical Care Medicine, Department of In-
ternal Medicine, University of Iowa, College of Medicine, Iowa City, IA

07/1985-06/1986 Instructor, Division of Pulmonary and Critical Medicine, Department of Internal Medicine,
University of Iowa, College of Medicine, Iowa City, IA

LICENSURE

Iowa License No. 22502, 1981 (inactive)
New Mexico License No. 95-305 (expiration 07/01/2020)
Arkansas License (expiration 01/31/2018)
New Mexico Board of Pharmacy License No. CS00017780 (expiration 01/31/2017)

BOARD CERTIFICATION

Diplomat, National Board of Medical Examiners, 1980; No. 222226
Diplomat, American Board of Internal Medicine, 1985; No. 100854
Diplomat, American Board of Internal Medicine, Subspecialty: Pulmonary Diseases, 1988; No. 100854
Diplomat, American Board of Preventive Medicine, Subspecialty: Occupational Medicine, 1989; No. 22120
Diplomat, National Institute of Occupational Safety and Health (“A” reader certification for Pneumoconiosis), 1991

EDUCATION

07/1984-06/1986 Postdoctoral Research Fellow, Laboratory of R. Chalkley,
Ph.D., Department of Biochemistry, University of Iowa, Iowa City, IA

07/1983-06/1985 Fellow, Pulmonary and Critical Care Medicine,
University of Iowa Hospitals and Clinics, Iowa City, IA

07/1982-06/1983 M.S., Preventive Medicine and Environmental Health,
University of Iowa College of Medicine, Iowa City, IA

- 07/1980-06/1983 Intern and Resident, Internal Medicine and Occupational Medicine
University of Iowa Hospitals and Clinics, Iowa City, IA
- 09/1976-06/1980 M.D, University of Illinois College of Medicine, Chicago, IL
- 09/1972-05/1976 B.S, Davidson College, Davidson, NC (cum laude)

HONORS AND AWARDS

- 2013 Affiliated Professor, Novo Nordisk Foundation Centre for Protein Research, University of Copenhagen <http://www.cpr.ku.dk/about/adjunct-professors/>
- 2013 Distinguished Professor of the University of New Mexico
- 2008 Reva S. Skelton Research Endowment for Cardiovascular Research
- 2007 Regents' Professor, University of New Mexico
- 2007 Visiting Senior Scholar, Center for Inflammation and Metabolism, Copenhagen Muscle Research Center, Rigshospitalet and Copenhagen University, Copenhagen, Denmark
- 2006 Outstanding graduate honoree, University of Iowa program in Pulmonary, Critical Care, and Occupational Medicine
- 1999 Visiting Scholar, School of Sports Sciences, University of Sydney, NSW, Australia
- 1998 Ralph C. Williams Jr., M.D. UNM Department of Internal Medicine Research Award
- 1987 Invited Speaker, NHLBI Symposium of the NIH Centennial Celebration
- 1980 Fellowship from the National Fund for Medical Education to study byssinosis among cotton workers at the High Institute of Public Health, Alexandria, Egypt
- 1977 James Scholar, University of Illinois
- 1976-78 Illinois General Assembly Scholarship
- 1976 Charles Dana Foundation Scholarship at Davidson College
Phi Beta Kappa

NIH/PHS/DOE PROFESSIONAL SERVICE

- 1997 Reviewer, NHLBI Clinical Investigator Award Presentation Abstracts
- 1993 NSF Reviewer for research proposals for the former Soviet Union and Baltic States.
- 1993 NIEHS P30 Centers Program Scientific Review.

- 1990-1995 Member, American Federation for Clinical Research Foundation Awards Review Committee
- 1990-1995 Reviewer, American Heart Association Grant Awards
- 1990-1995 Grant Review Committee, American Cancer Society Institutional Research Program (University of Iowa Cancer Center).
- 2003 Special Consultant, Office of Human Research Protection, Review of ARDSnet
- 2006-present Special emphasis study section, National Institute of Arthritis, Musculoskeletal, and Skin Diseases
- 2006 American Thoracic Society Career Development Award Grant Review
- 2007-2010 NIEHS P30 Center Review Committee
- 2007-2010 NIH/ NIEHS Environmental Health Sciences Review Committee
- 2011 NIEHS R25 Education Grant Review Committee

BOARD SERVICE

- 2000-2004 Board of Directors, Relay New Mexico
- 2000-present Board of Directors, UNM Science and Technology Corporation
- 2001-2007 Board of Directors, University Physicians Associates
- 2001-2004 New Mexico ACP/ASIM Board Member
- 2003-2006 Exagen, Inc. University of New Mexico Affiliation Committee
- 1999-2012 Lovelace Respiratory Research Institute Research Program Oversight Committee
- 2004-2008 MIND Institute Advisory Board
- 2005-2012 Board of Directors, Lovelace Respiratory Research Institute (LRRI) Directors
- 2007-present University of New Mexico Medical Group, Board of Directors
- 2011-present Chair, Finance Committee, University of New Mexico Medical Group
- 2012-present Board of directors, National Center for Genome Research

EDITORIAL BOARDS/CONSULTATION

Editorial Positions:

1993-1999 Editorial Advisory Board, Journal of Laboratory and Clinical Medicine
1993-1996 Editorial Board, American Journal of Respiratory and Critical Care Medicine, 1993-1996
2005-present Associate Editor, Exercise and Sport Sciences Review (ESSR)
2005-present Editorial Board, The American Journal of Medicine

AD HOC Editorial Consultant:

American Journal of Physiology
American Journal of Respiratory Cell and Molecular Biology
American Review of Respiratory Disease
Biochemistry
Cancer Research
Chest
Comparative Biochemistry and Physiology
Cytokine
Journal of Applied Physiology
Journal of Biological Chemistry
Journal of Clinical Investigation
Journal of Laboratory and Clinical Medicine
Medicine and Science in Sports and Exercise

PRIOR & CURRENT LEADERSHIP POSITIONS/PROFESSIONAL SOCIETIES & ORGANIZATIONS

UNM School of Medicine Finance Committee
UNM School of Medicine Facilities Task Force
University Physician Associates Financial Review Task Force
UNM Health Sciences Center Executive Clinical Leadership Board
Chair, UNM Health Sciences Center Task Force on Uncompensated Care
Chair, UNM Health Sciences Center Task on Hospital Renovations for Adult Services
University of New Mexico Medical Group, Executive Committee
Health Sciences Center Committee on Rural Health, University of New Mexico, School of Medicine

Advanced Residency Committee, University of New Mexico, School of Medicine

Outreach Steering Committee, Department of Internal Medicine, University of New Mexico, School of Medicine

Howard Hughes Medical Institute Research Committee, University of New Mexico, School of Medicine.

University of New Mexico MBRF Scientific Advisory Committee, University of New Mexico.

Co-Director, Task Force on Outcomes, Health Management Guidelines Group, University of New Mexico, School of Medicine

Strategic Planning Committee, Research Work Group, UNM Cancer Research and Treatment Center, University of New Mexico, School of Medicine.

Health Sciences Center Research Committee, University of New Mexico, School of Medicine

Development Committee, Department of Epidemiology, University of New Mexico, School of Medicine

Chair, Research Executive Committee, University of New Mexico, School of Medicine

Chair, Transition group UNM/National Foundation for Functional Brain Imaging

Member, University of New Mexico Presidential Search Committee

Member, UNMHSC Clinical Executive Council (CEC)

Chair, Uncompensated Care Task Force

NATIONAL ORGANIZATIONS/PROFESSIONAL SOCIETIES

National Cancer Institute Advisory Panel on the Biochemical Effects of Pesticide Exposures

Consultant on Workers' Safety, Iowa Department of Transportation

Abstract Review Committee, Midwest Section, American Federation for Clinical Research, Pulmonary Subspecialty Section

Consultant, American Board of Preventive Medicine, Board Review Course

Membership Committee, American Thoracic Society

NIH/APS/ACSM, Working Group on Integrative Biology in Cardiac and Vascular Diseases

State of New Mexico Governor's Advisory Board on Respiratory Care

Advisory Board, National Environmental Respiratory Center, Environmental Protection Agency

Consultant on Agricultural & Environmental Health, Texas Tech University, Lubbock, TX

Western Society of Clinical Investigation, Councilor

Research Institute of New Mexico (BRINM), 2005-present, Vice president 2009-present

Association of Professors of Medicine Communications Committee July 2002-2006

AAIM Professional Development Task Force, 09/04/03-08/04/04

Association of Professors of Medicine Program Planning Committee 2008-2010

Association of Professors of Medicine New Chairs Program-Building the Research Enterprise 2008-2010

CLINICAL CARE, University of New Mexico

Attending Physician, Medical Intensive Care Unit 1995-2002

Attending Physician, Pulmonary Consultation Service 1995-present

Attending Physician, Occupational Lung Clinic 1995-2002

Attending Physician, Multi-Disciplinary Toxicology Clinic 1995-2001

RESEARCH PROGRAM

My research focuses on the role of the cellular heat shock protein (HSP) response in the adaptation of the whole organism. In the intracellular environment, the HSPs serve as protein transporters and are associated with tolerance to a variety of stresses. Our research group made the initial observations that alterations in cellular HSP ac-

cumulation occur in humans under physiologic conditions (aerobic exercise), and that a conditioning heat stress sufficient to cause HSP accumulation protects the whole organism from endotoxin exposure.

We have also explored the mechanisms behind the differential regulation of the heat shock response by oxidants, and demonstrated that the inability of aged organisms to accumulate HSP70 following heat stress reflects an alteration in gene regulation rather than a loss of potential to produce HSP70. Using both cellular systems and studies in the intact organism, our research group has identified gut injury and the loss of epithelial barrier integrity as early and pivotal events in the pathogenesis of heat stress. We have also defined the role of HSPs in modulating the inflammatory response. We use both basic and translational systems that examine the mechanisms of cellular adaptation using exercise and glutamine supplementation to augment the heat shock response and HSF-1 inhibitors in exercising humans to block the heat shock response. Using our gene transfer system, our group demonstrated the requirement of HSPs in viral replication. Our patents on methods to purify and synthesize HSP-peptide complexes have allowed us to conduct a variety of studies on the immune response to tumors, and make possible a number of studies and potential treatment applications.

In addition to my laboratory based research program, I have an ongoing collaboration with the Novonordisk Foundation Center for Protein Research, University of Copenhagen, where we are developing models of disease prediction using the Danish National Patient Registry. In this role, I am one of 4 external scientists to have been appointed as an Affiliated Professor in the Center, and, together with the Center's overall director, Soren Brunak, Ph.D., serve as the 2 Professors of the Disease Systems Biology Group at the University of Copenhagen.

GRANTS

Funded Proposals – Principal Investigator/Co-Investigator

Funding Organization: National Institute of Health, RM-07-007
Project Title: University of New Mexico Clinical Translational Science Center (UL1)
Principal Investigator: Richard Larson, M.D., Ph.D.
Pope L. Moseley, M.D., Associate Director
Member, National CTSA Comparative Effectiveness Key Function Committee
Percent Effort: 20%
Dates: 06/1/10-07/14/15

Funding Organization: National Institute of Health 1U54GM104944-01A1
Project Title: Clinical and Translational Research Infrastructure Network (CTR-IN)
Principal Investigator: R. Langer (UNLV), R. Larson (co-PI UNM) and P. Moseley (co-PI UNM)
Percent Effort: 15%
Dates: 09/01/13-07/14/15

Funding Organization: University of Copenhagen Center for Biologic Sequence Analysis, Department of Systems Biology
Principal Investigator: Soren Brunak, Pope L. Moseley (UNM)
Percent Effort: 25%
Dates: 09/01/12-08/31/15

Funding Organization: National Institutes of Health, NIH RO1-AR40771
Project Title: Heat Stroke and Hyperthermia: Molecular Mechanisms
Principal Investigator: Pope L. Moseley, M.D.

Duration of Award: July 1, 2002 – June 30, 2008 (years 11-15)
Percent Effort: 20%

Funding Organization: National Institute of Environmental Health Sciences, NIEHS P20-ES012072
Project Title: NIEHS Environmental Center Environmental Respiratory Disease in Native Americans

Principal Investigator: Pope L. Moseley, M.D.
Duration of Award: April 1, 1999 to March 31, 2003

Note: Scott W. Burchiel, Ph.D., Deputy Director, assumed directorship on 10/01/01 when I became Chair of Internal Medicine

Funding Organization: National Institute of Environmental Health Sciences, NIEHS P30-ES012072
Project Title: NIEHS Environmental Health Sciences Center Environmental Respiratory Diseases in Native Americans

Principal Investigator: Scott Burchiel, Ph.D.
Pope L. Moseley, M.D., Deputy Director

Duration of Award: April 1, 2003 to March 31, 2008
Percent Effort: 10%

Funding Organization: National Institute of Health, NIH RO1-HL61389
Project Title: GI Barrier Heat Injury: Systemic and Molecular Mechanisms

Principal Investigator: Larry Oberley, Ph.D.
Co-Investigator: Pope L. Moseley, M.D.
Duration of Award: December 1, 1998 to November 30, 2003

Funding Organization: National Institute of Health, NIH R01-AG14687
Project Title: Heat Shock Protein Regulation with Stress and Aging

Principal Investigator: K. Kregel, Ph.D.
Co-Investigator: Pope L. Moseley, M.D.
Duration of Award: September 1, 1998 to August 31, 2003

Funding Organization: NIH
Project Title: Role of Heat Shock Response in Activation of a Zoonotic Virus

Principal Investigator: Brian L. Hjelle, M.D.
Duration of Award: February 1, 2001 to January 31, 2002

Funding Organization: American Lung Association Asthma Research Center, RFA ES-98004
Project Title: Asthma Research Center-Pilot Project Program

Principal Investigator: Mary Lipscomb, M.D.
Co-Investigator: Pope L. Moseley, M.D. (Pilot Project Program Director)
Duration of Award: January 1, 1997 to December 31, 2001

Funding Organization: National Institute of Environmental Health Sciences
Project Title: Uranium Education in the Navajo Nation
Principal Investigator: M. Bauer, Ph.D., DINE College, D. Coultas, M.D.

Co-Investigator: Pope L. Moseley, M.D.
Duration of Award: October 23, 1996 to September 29, 2000

Funding Organization: Dept. of Defense Women's Health Research Program, DAMD 17-95-C-5093
Project Title: Use of Biomarkers to Optimize Heat Acclimatization in Women
Principal Investigator: Carl V. Gisolfi, Ph.D.
Co-Investigator: Pope L. Moseley, M.D.
Duration of Award: September 1995 to February 1999

Funding Organization: Centers for Disease Control
Project Title: Identify the Relationship between Exposures and Health Concerns in Persian Gulf War Veterans
Principal Investigator: J. A. Merchant
Duration of Award: December 1, 1994 to November 30, 1996

Funding Organization: National Institutes of Health R27-HL40349, First Award
Project Title: Mechanisms of Bleomycin Lung Disease
Principal Investigator: Pope L. Moseley, M.D.
Duration of Award: April 1988 to September 1994

Funding Organization: National Institutes of Health Clinical Investigator Award, K08-HLO1366
Project Title: Granulocyte Augmentation of Drug-Induced Lung Injury
Principal Investigator: Pope L. Moseley, M.D.
Duration of Award: July 1985 to June 1990

Funding Organization: National Institutes of Health, RO3-04-018-56
Project Title: Lung Parenchymal Injury Induced by Environmental Factors
Principal Investigator: Pope L. Moseley, M.D.
Duration of Award: July 1983 to June 1985

RESEARCH AWARDS GRANTED TO TRAINEES

National Institutes of Health Institutional Training Grant T32 HLO7638. Awarded: Shawn Flanagan; Sponsor: P. L. Moseley. July 1991-June 1993, \$9,600.

National Institutes of Health Clinical Associate Physician Award: "Organic Dust Disease: Mechanisms Related to the Stress Protein (HSP) Response", PI: J. I. Gotchall; Sponsor: P. L. Moseley, December 1992-November 1995, \$57,500/year.

Iowa Cardiovascular Center-Institutional Research Fellowship. Awarded: L. Solomon, Ph.D.; Sponsor: P. L. Moseley, August 1987-July 1988, \$17,000.

University of Iowa Interdisciplinary Research Assistantship Program. Awarded: Alan Ryan; Sponsors: P. L. Moseley and C. V. Gisolfi, June 1990-May 1991, \$11,000.

American Heart Association Fellowship. Awarded: Larry Solomon; Sponsor: P. L. Moseley, July 1990-June 1991, \$17,000.

Gatorade Sports Science Institute Student Research Award. Awarded: Shawn Flanagan; Sponsor: P. L. Moseley, October 1994-September 1995, \$1,000.

Deutscher Akademischer Austauschdienst (German Academic Exchange Service). Awarded: Jan Roigas, M.D. Sponsor: P. L. Moseley, June, 1995-Nov., 1996, \$60,000.

American Physiological Society's Perkins Memorial Award. Fellowship Awarded: Karol Dokladny, PhD. Sponsor: P. L. Moseley, 1999.

National Institutes of Health Institutional Training Grant T32 AI07538. Awarded: Karla Melendez, Sponsor: P. L. Moseley, 2000 to 2003.

Coor de Nacao de Aperfeicoamento de Pessoal Ensino Superior, Awarded: Fabiano Amorim, Ph.D.

PATENT AWARDED

U.S. Patent Number 5,747,332 Awarded, "Methods for Purifying and Synthesizing Heat Shock Protein Complexes"

Federal Republic of German Patent Number 297 24 684.4 Awarded "Methods for Synthesizing Heat Shock Protein Complexes"

U.S. Patent Number 5,981,706 Awarded, "Methods for Synthesizing Heat Shock Protein Complexes"

U.S. Patent Number 6,066,716 Awarded, "Purified Heat Shock Protein Complexes"

U.S. Patent Number 6,433,141 Awarded, "Purified Heat Shock Protein Complexes"

U.S. Patent Number 6,455,493 Awarded, "Methods for Using Heat Shock Protein Complexes"

U.S. Patent Number 6,713,608 Awarded "Purified Heat Shock Protein Complexes"
