

Radiology Residency Newsletter

Winter 2020

Editorial

Happy new year 2020! Welcome to the Winter 2020 edition of our newsletter.

We recently wrapped up the interviews for our diagnostic and interventional radiology residency programs. This year (once again) we received fantastic applications from all over the country and world. The future of radiology is indeed bright! We had a strong representation from our faculty and residents at the RSNA 2019 Annual Meeting in Chicago. Our residents bagged a number of accolades for our department. Under the aegis of our chair Dr. Choudhary, we have already started preparing for RSNA 2020! We also have a good representation lined up for upcoming radiology conferences in 2020, including ARRS, SIR, AUR and ASNR to name a few.

Please follow us on Twitter at @UAMSRadiology for real-time updates about our program.

Thank you for reading about us.
