

Interventional Neuroradiology Faculty Position

The Interventional Neuroradiology Division of the Department of Radiology in the College of Medicine at the University of Arkansas for Medical Sciences (UAMS) Little Rock, AR is seeking an ABR Certified/Eligible radiologist to join our department as the fourth faculty member in the division.

UAMS is the only comprehensive stroke center (CSC) and Level 1 trauma center in the state. We provide subspecialized expertise for a wide breadth of neurovascular and spine procedures in collaboration with the varied subspecialists in neurosurgery, neurology, otolaryngology and neuroophthalmology. Our service includes providing services to a comprehensive neuro-oncology center, and a long recognized world renowned myeloma institute. UAMS is a 450 bed tertiary care center and is equipped with 5 CT and 7 MRI scanners (two 3T and 5 1.5T) as well as two single plane and two bi-plane angiography suites. The radiology department provides 24-hour coverage in all modalities including CT and MR. We provide advanced neuroimaging for comprehensive evaluation of brain tumors (MR perfusion/tractography and MRI).

We currently have three faculty members who share clinical and call responsibilities. The ideal candidate should be teamwork oriented with a mindset for service line delivery of health care. Incoming faculty could choose to be (a) either 50 percent neurointerventional and 50 percent diagnostic neuroradiology, or (b) be a part-time neurointerventional faculty, with expectation of full participation in neurointerventional call-pool only. Our goal is to provide efficient delivery of health care in addition to our education oriented program. The candidate would be highly involved in residency and fellow training and will be involved in multidisciplinary conferences. The interventional neuroradiology faculty are expected to be involved in clinical research. In addition, we also collaborate with other neuroradiology faculty at our sister institutions at the VA Hospital and Arkansas Children's Hospital.

To apply, click the apply button or submit CV and letter of interest to andersonsshey@uams.edu

UAMS is an [Affirmative Action](#) and [Equal Opportunity Employer](#) of individuals with disabilities and protected veterans and is committed to excellence. If you need a reasonable accommodation for any part of the employment process, please contact us by telephone at (501) 686-6432 and let us know the nature of your request. We will only respond to messages left that involve a request for a reasonable accommodation in the application process. We will accommodate the needs of any qualified candidate who requests a reasonable accommodation under the Americans with Disabilities Act (ADA).

About UAMS

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; a hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute and Institute for Digital Health & Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise. UAMS is the only adult Level 1 trauma center in the state. *U.S. News & World Report* recognized UAMS Medical Center as a Best Hospital for 2021-22; ranked its ear, nose and throat program among the top 50 nationwide for the third year; and named five

areas as high performing — colon cancer surgery, diabetes, hip replacement, knee replacement and stroke. UAMS has 3,047 students, 873 medical residents and fellows, and six dental residents. It is the state's largest public employer with more than 11,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children's, the VA Medical Center and Baptist Health.
