

Musculoskeletal (MSK) Radiologist – Assistant Professor

University of Arkansas for Medical Sciences (UAMS)

Department of Radiology | College of Medicine | Little Rock, AR

The Musculoskeletal (MSK) Division within the Department of Radiology at the University of Arkansas for Medical Sciences (UAMS) is seeking a **full-time Assistant Professor** to join a dynamic, collegial, and growing academic MSK Radiology section in Little Rock, Arkansas.

Position Overview

We are looking for a board-certified or board-eligible (ABR) radiologist with fellowship training or strong expertise in Musculoskeletal Imaging. The ideal candidate is service-oriented with a collaborative mindset and a strong interest in **clinical excellence, teaching, and practice growth within an academic environment.**

Practice Environment

Our MSK section currently includes **four dedicated MSK radiologists** supporting a robust and expanding clinical practice that serves:

- Established **General Orthopedic Surgery**
- **Sports Medicine programs**
- **Orthopedic Oncology services**
- High-volume outpatient and inpatient imaging needs

MSK radiologists at UAMS provide comprehensive interpretation across all modalities, including:

- Radiographs (X-ray)
- CT and MRI
- Fluoroscopy
- Musculoskeletal Ultrasound

Clinical & Academic Highlights

This position offers strong clinical volume with opportunities for academic engagement and professional growth, including:

- Coverage of multiple **sports medicine and orthopedic outpatient clinics**
- Imaging support for **University of Arkansas Razorback athletics**
- Collaboration with a highly specialized orthopedic hospital and a strong, integrated orthopedic surgical group
- Opportunity for **practice expansion and subspecialty development**

- Potential for **hybrid or partial remote work arrangement**
- Growing MSK service line with strong orthopedic referral base
- Collegial and collaborative academic environment
- Opportunities for teaching and academic advancement
- Exposure to high-level sports and orthopedic imaging
- Flexible practice development potential

Department of Radiology

The Department of Radiology includes nationally recognized expertise in:

- Body Imaging
- Breast Imaging
- Musculoskeletal Imaging
- Interventional Neuroradiology
- Neuroradiology
- Nuclear Medicine
- Pediatric Radiology
- Emergency Radiology
- Radiological Sciences

We provide integrated inpatient and outpatient imaging services in collaboration with multidisciplinary clinical teams. Our mission is to deliver outstanding patient care, advance medical knowledge through innovation and research, while training the next generation of radiologists.

Qualifications

Candidates must:

- Hold an M.D. or equivalent medical degree
- Be Board Certified or Board Eligible through the American Board of Radiology (ABR)
- Be eligible for Arkansas medical licensure
- Fellowship trained in MSK, Body MRI , or Cardiac Imaging
