

Metabolism and Bioenergetics Core Seminar Series

| Date/Time/Location | Activity/Event |
|--|---|
| February 8, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 1: Course Introduction Facilitated by Dr. Elisabet Borsheim, Dr. Craig Porter, and Matthew Porter |
| February 15, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 2: An Introduction to Stable Isotopes in Metabolic Research Facilitated by Matthew Cotter |
| February 22, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 3: Quantifying Protein Metabolism: Considerations and Applications. Facilitated by Dr. Elisabet Borsheim |
| March 1, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 4: Quantifying Lipid Metabolism: Considerations and Applications. Facilitated by Dr. Elisabet Borsheim |
| March 8, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 5: Quantifying Glucose Metabolism: Considerations and Applications. Facilitated by Dr. Craig Porter |
| March 15, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 7: Metabolic Rate: What is it and how do we measure it? Facilitated by Dr. Craig Porter |
| March 29, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 7: Cellular Energetics: What is it and how do we measure it? Facilitated by Dr. Craig Porter |
| April 5, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 8: Measuring Clinical Analytes Facilitated by Matthew Cotter |
| April 12, 2023 3:00 pm – 4:30 pm CT Zoom | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 9: Comprehensive Metabolic Phenotyping of Rodents Facilitated by Dr. Craig Porter |
| April 19, 2023 TBD/Sign-up | CCOP Metabolism and Bioenergetics Core Seminar Series “Quantifying Metabolism and Bioenergetics: Basic Principles to Application” Week 10: Lab Tour Facilitated by Dr. Craig Porter and Matthew Cotter |
