# ADMISSIONS REQUIREMENTS

## PERSONAL ATTRIBUTES

Certain personal qualities are of fundamental importance in the character of one who will enter the medical profession. These attributes include curiosity, compassion, integrity, stamina, dedication to service and a sustained ability to learn. Beyond these are the cognitive needs and requirements of an adequate intellectual capacity.

The paramount goals of the pre-medical experience should be mastery of the art of study and the intellectual maturity to understand, utilize and synthesize facts into concepts. The student must have the ability to absorb, integrate and use a large body of knowledge. Likewise, future physicians must understand the sociocultural and environmental factors in illness and the impact of illness on the family and greater community. The pre-medical education contributes significantly to the interaction of these factors.

Class of 2021

## PRE-MATRICULATION REQUIREMENTS

Accepted applicants must have successfully completed the following courses prior to matriculation in the College of Medicine:

- Two semesters of Biology
- Two semesters of Physics
- Three semesters of Chemistry (to include Organic Chemistry with lab, and Biochemistry)
- Two semesters of English
- One semester of Statistics
- One semester of Genetics\*
- Two semesters of Social Sciences\*\*

Advanced Placement credit may be used to satisfy pre-matriculation course requirements listed above, provided the AP credit is accepted by your university/college and posted on your transcript.

The College of Medicine will accept online courses to meet our pre-matriculation requirements, with the exception of Organic Chemistry lab, provided the course is accepted and given credit/letter grade on the applicant's academic transcript from an accredited university.

\*Please see the online catalog for specific genetics course content.

\*\*Psychology and Sociology are strongly recommended, but the following courses listed in the AMCAS Course Classification Guide are also acceptable.

Behavioral Sciences: Anthropology, Economics, Family Studies, Psychology, Sociology

Philosophy and Religion: Ethics, Logic, Philosophy, Religion, Theology

## ACADEMIC REQUIREMENTS

A baccalaureate degree is strongly recommended. Applicants must take the MCAT. MCAT scores obtained prior to 2016 are not acceptable for applicants to the 2019 first-year class. The MCAT test dates for calendar year 2018 are posted on the MCAT web site. Applicants must register for the MCAT

at [www.aamc.org/students/applying/mcat/](http://www.aamc.org/students/applying/mcat/). Applicants with pre-medical majors have no particular advantage over applicants majoring in other fields. Successful applicants, however, will be highly motivated individuals with a solid foundation in the natural sciences.

## RESIDENCY REQUIREMENTS

Preference is given to Arkansas residents. However, state law permits the Admissions Committee to accept a limited number of non-Arkansas residents. Non-Arkansas residents with strong ties to Arkansas are given preference. Individuals with strong ties should communicate this information to the Office of Admissions by Nov. 15. An applicant must be a U.S. citizen or a legal permanent resident.

## APPLICATION PROCEDURES

The College of Medicine participates in the American Medical College Application Service (AMCAS) sponsored by the Association of American Medical Colleges (AAMC). Applicants must use the AAMC online web-application at [www.aamc.org](http://www.aamc.org). Applicants may certify and submit their completed AMCAS web-application to the AAMC beginning in June.

The deadline for submitting your application to AMCAS is Nov. 1 for the class entering the following fall. Official transcripts should be sent directly to AMCAS from the registrar of each college attended. AMCAS will send your MCAT scores to us. Recommendations from your Premedical Advisory Committee are required and must be sent directly to AMCAS Letters Service. Your application will not be reviewed if you miss your school's Premedical Advisory Committee deadline and we are advised that a letter is not forthcoming.

*Note: If your institution does not have a Premedical Advisory Committee, or it has been more than two years since you last attended/graduated from your school, you may choose to have three faculty members submit individual letters of recommendation. In addition to the required Premedical Advisory Committee composite evaluation or three academic letters of recommendation from faculty, you also have the option to ask three individuals to submit personal letters of recommendation which primarily address your qualifications outside the classroom. UAMS College of Medicine utilizes the AMCAS Letters Service for letter submissions. Letters of recommendation should be submitted by Nov. 15.*

A non-refundable application fee of \$100 is required from each applicant. Applicants approved by AMCAS for the Fee Assistance Program will be charged \$50.

The College of Medicine, in conjunction with AMCAS, will conduct a criminal background check on all applicants accepted for admission and alternates placed on the alternate list.

\* This brochure provides only a synopsis of College of Medicine admission requirements. It is not intended to substitute for the College of Medicine catalog. All information is subject to change without notice.

An applicant to the University of Arkansas for Medical Sciences College of Medicine must withdraw his/her application from consideration as soon as he/she enrolls, matriculates, or starts an orientation program prior to enrollment, at any allopathic or osteopathic medical school, located in the U.S., Canada, or elsewhere. Upon receipt and verification of the information, the UAMS College of Medicine Admissions Committee will no longer consider the application.

If the Admissions Committee extends an offer of acceptance to an applicant, or places an applicant on the Alternate List, and subsequently discovers the applicant failed to notify the UAMS College of Medicine admissions office that he/she was enrolled, had matriculated, or started an orientation program at any allopathic or osteopathic medical school regardless of its location, at the time the College of Medicine Admissions Committee made its offer of acceptance, the acceptance offer will be rescinded.
